FSVP Agent for Trade Show Samples

Customs Brokers must identify FSVP Importers for most food and beverage shipments to the United States, including trade show samples. Registrar Corp can function as the FSVP Importer for most trade show samples that have no U.S. owner or consignee for:

\$195 per shipment, per product category

Available for shippers with:

- ★ Registrar Corp as their U.S. Agent
- ★ A compliant Food Safety Plan (HARPC)

If Registrar Corp is not the U.S. Agent or the Food Safety Plan is not compliant, simply contact Registrar Corp for assistance.

Additional fees may apply if other services (U.S. Agent, Food Safety Plan Review, Labeling Review, FCE-SID Submissions, etc.) are needed.
