Notice to Exhibitors / Display Companies

1. Alterations to any part of the structure of the Centre, or to items of furniture or equipment forming part of it, may not be made without prior written authorization from the Director of Event Coordination in each individual case. These prohibitions include the drilling of holes, mechanical fastening (nails, staples, push pins etc), or adhesive fastening (tape, glue, sticky Velcro etc), and the attaching in any manner of decals, promotional literature or items. Failure to comply will result in a \$50.00 minimum penalty per occurrence to the client. Labour / Repair charges will apply to remove prohibited tapes / decals from Metro Toronto Convention Centre property.
2. The provision, installation and use of wireless routers and access points (including cellular based personal hot spots) by exhibitors, exhibition companies and Audio Video suppliers is strictly prohibited within the Metro Toronto Convention Centre facility. This prohibition applies to all devices that broadcast an 802.11 (Wi-Fi) or other signal in either the 5 Ghz or 2.4 GHz radio spectrum regardless of whether the exhibitor has ordered Internet services or not. An application for an exception to the prohibition can be made to Technology Services Department and will be considered on a per case basis. Devices that are discovered within the MTCC that have not been approved will be shut down and / or have their Internet services disconnected.
3. Use of masking, clear packaging and plastic-based tape are prohibited. To secure booth flooring to Exhibit Floor, only cloth-based tapes such as Polyken are acceptable. Labour / Repair charges will apply to remove prohibited tapes from the Convention Centre property.
4. Helium balloons, animals, birds or pets of any description require written authorization. You may find these forms in Exhibitor Forms Package (www.mtccc.com/exhibitors-forms-guidelines/) or please call the Event Manager for authorization form.
5. Sample food or beverage products may be distributed within an exhibit area with written authorization. Please contact the Catering department for further information (416) 585-8144.
6. Passenger elevators and escalators ARE NOT TO BE USED for transporting freight or equipment from level to level. This includes hand dollies/handcarts and hand carrying boxes, easels, chairs, tables, etc.
7. All exhibitors, service providers and Show Management personnel working on the show floor during move-in and move-out periods are required to wear approved personal protective equipment (PPE), such as CSA approved (or equivalent) safety shoes, hard hats, harnesses, gloves and safety eyewear and is to be used when warranted by safety considerations. All exhibitor service providers must adhere to the Occupational Health and Safety Act, Ontario regulation 213/91 and 851/90 Industrial. If you have been given permission to be on the floor at these times you will be required to wear an approved hard-hat in the designated 'Construction' zone. When working higher than 3 meters (10 ft) you must use fall protection.

Notice to Exhibitors / Display Companies

8. As per the Ministry of Labour, children under 16 years of age are NOT permitted on the show floor during tear down or move-out. Please also note, that as per the Ministry of Labour, Proper Protective Equipment is required to be worn while all tear down and move-out activity is taking place.
9. During move-in / out, exhibit halls, loading dock areas and back of the house service areas are considered hazardous work areas. As such, there shall be absolutely no drinking of alcoholic beverages, no horseplay and in general, any and all unsafe conditions or activities are to be corrected promptly.
10. For North Building West Ramp and South Building Truck Elevator load-ins, there are no docks. It is direct floor unloading and alternate arrangements may be required for special needs (ie. ramps, forklifts). The South Building Truck elevator has a truck length restriction of 38' or less, 30 tons weight capacity.
11. Storage for crates or other materials are not provided in the Centre. Exhibitors must make their own arrangements. All materials, boxes, signs and other materials must not be sent to the Centre prior to the official move-in date as specified in your Exhibitor Manual and must be removed upon the completion of the event.
12. Use of pyrotechnics, hazers, fog / smoke machines, or any other special effect / activity requires Toronto Fire Department and the Metro Toronto Convention Centre approval at least 2 weeks in advance. The Fire Safety Manager will need a full production schedule including rehearsals and floorplans. Labour charges will apply for a fire watch.
13. Access to / or the use of the Exhibit Hall floor-ports is exclusive to the Convention Center staff and our Official Electrical / Mechanical Service provider. Exhibitors are not permitted to use these for any purpose.
14. Smoking is NOT PERMITTED anywhere inside the Convention Centre, including e-cigarette and vaporizing.
15. You are required to report immediately any unsafe condition or accident of which you have knowledge to a security guard or event management employee.
16. No material may be taken through the Main Entrance on Front Street, Internal Street or Bremner Blvd. unless it can be carried by hand. Dollies are not allowed on carpet areas. No equipment may be transported on the escalators or public passenger elevators. All four wheel dollies, pallet jacks or oversized loads are prohibited into the pre-function areas. If you require a dolly or pallet jack to move your items, you must use the designated loading area.

Metro Toronto Convention Centre Exhibitor Recycling Program

A large volume of material goes in to creating a successful event – from cardboard boxes, pallets and Styrofoam for shipping, to carpet and decor which make the space look fabulous. Not to mention the food and beverages consumed and enjoyed throughout. Although much of this material is used up during the event, or saved and reused afterwards, a lot ends up getting thrown out.

To this end, the Metro Toronto Convention Centre (MTCC) has developed an aggressive waste reduction program.

We continuously strive to be good corporate citizens and to recycle as much as possible, both the material left over from events and that which is generated internally. This is an invitation to our exhibitors, show managers, and service providers to join us as recycling partners. By developing a close partnership, we can work together to meet the global mandate of reducing material sent to landfill - an environmental and economical common sense program.

As with every partnership, we need your help to make these programs successful! Here's how you can participate and make an impact.

Recycling on the Show Floor

- Use the recycling bins as marked – large bins are made available during move-ins/outs for wood / metal, cardboard / plastic / paper, and organics. If you do not see the bins, please inform one of our Cleaning Staff and they will be pleased to help
- Keep food separate from other materials – if normally recyclable material is contaminated by food or drink, it will be sent to landfill

Recycling in Meeting Rooms & Public Spaces

- Clearly marked recycling bins are conveniently located throughout the centre – the available streams are plastic / metal / glass, organics, paper, and waste
- It is important to note that this material is only accepted for recycling when it is separated properly at the source – if contamination occurs, the material will be sent to landfill

Donations

- If you no longer need certain materials, but they could be used by someone else, keep it aside so we can donate it for you. We work with several local charities and organizations that can use items such as pens, paper and notebooks, binders, bags, samples, furniture, etc.
- Contact an MTCC staff member (Event Coordinator, Svst. Officer) to confirm that we can donate the item(s). We will take it from there.

Promote our Recycling Program

- It is important that everyone involved in the event be aware of the recycling requirements
- Show Managers, please use the communication tools provided to you by the Exhibitor Services team in all of your printed materials, emails, and brochures

Every little bit helps. We are proud of our program, we stand behind it. We want you to benefit from it too!

Like to learn more? Reach out to our Exhibitor Services team for communication material and check out <http://www.mtccc.com/green> for information about the Sustainability Program at the MTCC, including food waste management and energy saving measures.

Vehicle Marshalling / Move-In / Move-Out

A marshalling yard has been established at 100/120 Cherry Street in order to facilitate move-in and move-out of events at the Metro Toronto Convention Centre.

Move-in / out information / bulletins will be provided by Show Management. Any variations to the procedures listed below will be indicated as such on the move-in / out information / bulletins.

PROCEDURES:

1. All vehicles must report first to the vehicle marshalling yard. This lot is located 3.8 km from the Convention Centre.
2. The marshalling yard is open 1 hour prior to scheduled move-in/move-out times.
3. A MTCC staff member will be posted at the marshalling yard trailer. The MTCC Dock staff member will assign the vehicle pass to vehicles on a check in order, or as per show demands.
The cost of the attendant will be at the expense of the Convention Centre when required during operational hours of 0700–2359. Charges will be applied between 0001–0700.
4. Communication will be made to the MTCC Dock staff member to coordinate and dispatch vehicles. As space becomes available, the drivers will be directed to the allocated move in/out location(s) for the event.
5. Upon arrival at the allocated entrance, the driver will turn in their assigned pass previously issued at the MTCC marshalling yard to the MTCC Dock staff on duty at the relevant loading area.
6. Vehicles entering the loading dock areas will be met by the Convention Centre Dock staff who control the flow of vehicular traffic.
7. Vehicles going up onto the North Building Exhibit Floor will be met by Dock staff positioned at John Street to control the pedestrian traffic on the west ramp.
8. During the winter season, the Convention Centre will bear the cost of the labour and equipment to keep the entrance ramps open to traffic, and to keep the floor clean. The Centre will also be responsible for snow removal in the marshalling area.
9. The control of the vehicles once onto the Exhibit Floor will be the responsibility of Show Floor Management in conjunction with the Convention Centre Dock staff.
10. Freight elevators, when in use, will be manned and controlled by operators supplied by the Convention Centre.
11. Vehicle storage is available during events at \$32.00 plus 13% HST per day. Arrangements must be made in advance through the Dock Office at (416) 585-8345.
12. Should your event be utilizing the **Voyage Control system**, you must register online for a move-in time through voyagecontrol.com/mtcc. Please refer to your Show Management Kit for instructions regarding online bookings, and availability. Drivers can report directly to the relevant dock areas when Voyage Control is in use and an online booking has been made.

NOTE:

Vehicles will be held in the marshalling yard before and after Rogers Centre events where pedestrian and vehicular traffic block access to the ramp. Times for these periods will be scheduled on an individual basis as schedules warrant. Vehicle marshalling inquiries – Tel: (416) 585-8345.

Acceptable booth configuration

The following booth configurations will be acceptable:

1. Open top exhibition booths.
2. Platforms not exceeding 400 square feet in area.

The following booth configuration will require approval from the Metro Toronto Convention Centre Fire Safety Officer. A description of the booths requiring approval shall be submitted to the Show Manager who in turn will submit the description to the Fire Safety Officer for his approval. The Fire Safety Officer will discuss these configurations with the Toronto Fire Prevention Division.

1. Platforms exceeding 400 square feet in area.
2. Exhibition booths with flame retardant fabric canopies not to exceed 200 square feet.
3. Layouts of all meeting rooms used for exhibits.

Note: Two storey booths or single level roofed booths and booths with mezzanines are allowed only with prior approval of the Fire Safety Officer and when they are in accordance with The Metro Toronto Convention Centre guidelines attached and/or National Fire Prevention Act #13 (1982) and the Ontario Building Code.

* Any enclosed showroom with an area in excess of 2,000 square feet or an occupancy of 60 persons or more must have two means of exit as far apart as possible. Any booth with an area of 2,500 square feet or more must contain one fire extinguisher.

* Bleachers are allowed with prior approval of Fire Safety Officer and Ontario Building Code building permit.

Fire Regulations for Exhibitors

Acceptable materials for booth construction

The following types of materials will be acceptable for booth construction:

1. Wood.
2. Combustible materials including plastics having a flame spread rating not exceeding 150 and a smoke developed classification not exceeding 300.
3. Noncombustible materials as regulated by the Ontario Building Code.

Interior finishes and furnishings

The limitations described below shall apply to all interior finishes and furnishings including:

- drapes
- hangings
- curtains
- drops
- decorative fabrics
- Christmas trees
- artificial flowers and foliage
- motion picture screens
- paper: cardboard or compressed paperboard less than 1/8 inch thick is considered paper
- ruscus
- split wood
- textiles
- all other decorative materials including plastics

Limitations

1. Made from noncombustible material, or
2. Treated and maintained in a flame retardant condition by an approved flame retardant solution or process.
3. Corrugated cardboard can be used only if fire retardant treated at the factory.
4. Plastics can be used only if approved by the Metro Toronto Convention Centre Fire Safety Officer.

Note: It is not necessary to flameproof textiles, paper and combustible merchandise on display for sale, but the quantity so used shall be limited to the displaying of one salvageable length. Each sample must differ in colour, weave or texture.

Wallpaper is permissible if pasted securely to walls or wallboard backing.

The following test (NFPA 701 Match Flame Test) may be used to determine if a material is flame resistant:

1. Cut off a small piece of the materials (1 1/2 inches wide by 4 inches long) and hold it with a pair of pliers.
2. Hold a wooden match 1/2 inch below the bottom of the material 12 seconds.
3. If, when the match is taken away, the material stops burning within 2 seconds, it is flame resistant.
4. If the material goes up in flames immediately or continues to burn for more than 2 seconds after the match is removed, it is not flame resistant.
5. All fabrics should meet the requirements of CAN/ULC-S109 "Flame Tests of Flame-Resistant Fabrics and Films" or equivalent.

Fire Regulations for Exhibitors

Obstructions

Nothing shall be hung or affixed to any sprinkler piping or heads. Construction or ceiling decorations of the show booths must not impede the operation of the sprinkler system.

All exit doors shall be in an operable condition and shall remain unobstructed at all times. Exit signs, manual pull stations, fire department handsets, fire hose cabinets and portable fire extinguishers shall not be obstructed in any manner.

If a fire hose standpipe is located in exhibit space, it shall be the responsibility of the Show Manager or Exhibitor, as the case may be, to provide access to such equipment and, if the view to such equipment is obstructed, to provide designating signs for same.

All entrances, exits, aisles, stairways, lobbies and passageways shall be unobstructed at all times. Vehicles in fire lanes or blocking exits, etc. will be removed at owner's expense. Roof construction shall be substantial and fixed in position in specified areas for the duration of the show. Easels, signs, etc. shall not be placed beyond the booth area into the aisles.

Literature, supplies and handouts are permissible in reasonable quantities. Reserve quantities shall be kept in closed containers and stored in a neat, compact manner within the booth.

Vehicles or other flammable fuelled engines displayed shall conform to the following requirements:

1. Fuel tanks containing fuel, or which have ever contained fuel, shall be maintained less than ½ full. Caps for fuel tanks fill pipes shall be of the locking type and be maintained locked to prevent viewer inspection. If they cannot be locked, they shall be taped shut.
2. Garden tractors, chain saws, power plants and other gasoline powered equipment shall not contain any fuel and shall not be used for demonstrations without permission from the Metro Toronto Convention Centre Fire Safety Officer.
3. The electrical system shall be de-energized by either:
 - (b) Removing the battery, or
 - (c) Disconnecting both battery cables and covering them with electrical tape or other similar insulating material.
4. Tanks containing propane shall be maintained less than ½ full. Vehicles may be driven in and positioned. Engine should remain running, with valve shut off. Allow engine to run until all of the fuel line is used up. Turn ignition off.
5. Cylinders for barbecues and/or appliances within a vehicle such as stoves, refrigerators, etc., must be empty.

Electrical equipment and connections

Rule 2-022 of the Electrical Safety Code, a provincial regulation, requires that all electrical equipment must be approved before it may legally be advertised, displayed, offered for sale or other disposal, sold or otherwise disposed of or used in the province of Ontario.

It is the responsibility of each exhibitor to ensure that all electrical equipment in, on, or about the booth comply with these requirements. This includes electrical merchandise as well as lighting and display equipment.

Electrical equipment is considered to be approved if it bears the certification mark or field approval label of an organization which has been accredited by the Standards Council of Canada to approve electrical equipment. Electrical equipment is also considered to be approved if it bears an Ontario Hydro Special Inspection / Field Approval label. One of the fundamental requirements of approval is that the appropriate approval markings appear on the equipment. If such markings are missing, then the equipment is considered not to be approved.

Fire Regulations for Exhibitors

Exhibitors are requested to examine all electrical equipment that they will be bringing to the show in order to determine if it has the proper approvals. If any of the electrical equipment is not approved, then the exhibitor is required to file with Ontario Hydro an Application for Permission to Show Unapproved Electrical Equipment at Trade Shows, and pay the necessary fees.

An application form and additional information can be found elsewhere in the exhibitor kit or manual.

Please note that Permission to Show is only granted for the duration of the show. Proper approval must be obtained after show for any equipment which is to remain in the province of Ontario.

Please note that the Electrical Safety Authority (ESA) inspectors have the authority to order the removal of unapproved electrical equipment from the show.

Portable spotlights

All clamp on types of portable spotlights shall be protected from metal to metal contact by having electrical insulating pads or wrappings permanently attached to the lamp holder clamps.

Where a spotlight may be subject to physical damage, dampness or where lamps may come in contact with combustible material, the spotlight shall be equipped with a guard attached to the lampholder or the handle.

Flexible cords (extension cords) or power bars may only be used for portable lamps or appliances that are of allowable amperage for the size and type of the three conductor cord to be used.

Procedures during set-up and dismantling of shows

All exhibitors are to report to the Marshaling Yard prior to Move-In or Move-Out, except shows using Voyage Control for scheduled Move-In. Exhibitors will be issued a pass to receive authorization to enter the loading area. Access to and flow of vehicles or trucks on exhibition hall floor is limited and controlled. Drivers of vehicles must stand by vehicles at all times with parking lights on.

The idling of trucks while in the loading dock area of the building or on the exhibition hall floor is prohibited. Once unloaded, your vehicle is to be removed from the loading dock immediately.

Crates and packing materials must be removed promptly. The exhibitor is to monitor this activity. Restriction on the use of materials, processes and equipment during set-up and dismantling must be adhered to.

Any type of utility connection (i.e. electrical, audio, video, water, compressed air, steam, etc.) must be carried out by the Licensor's authorized personnel or its appointees. This applies to any and all connections made which are not covered in the Centre's "Electrical Rate Schedule" or "Water Drain or Compressed Air Rate Schedule."

The following equipment and operations are prohibited during show set-up and dismantling:

1. Powered tools and equipment, except material handling equipment, other than electrically powered or air powered.
2. Electrically powered tools and equipment other than those listed by CSA or approved by Ontario Hydro.
3. Portable heating equipment.
4. Welding, cutting, or brazing without special permission from the Metro Toronto Convention Centre Fire Safety Officer.
5. Painting with flammable or volatile paints and finishes.
6. Use of other equipment or operations that increase the risk of life safety.

Emergency procedures

The Metro Toronto Convention Centre is equipped with sophisticated fire protection equipment, including: automatic sprinkler, smoke and heat detection, fire alarm and voice communication systems. Upon your arrival, you should familiarize yourself with the building particularly as to the location of the nearest exit, manual pull station and fire extinguisher.

If you see a fire, activate the nearest fire alarm manual pull station and leave the fire area closing all doors behind you. Do not attempt to fight a fire unless it is small enough to extinguish with one of the portable extinguishers located throughout the building. There are no fire hoses provided for use by occupants.

Metro Toronto Convention Centre emergency number is 8160, or (416) 585-8160.

As a reminder, the Metro Toronto Convention Centre is a smoke free environment. Must be 9 metres (30 ft.) from any entrance or exit from the building.

12. Only an authorized MTCC Technician is permitted to do any wiring in the facility (excluding in-booth cabling). Delivery of ALL telephone / data transmission lines ordered from an outside vendor will only be allowed to a demarcation point specified by the Technology Services Department. Additional fees will apply to extend service(s) to booth.
13. All materials and equipment furnished by the MTCC remain the MTCC's property, and shall be removed **ONLY** by MTCC Personnel.
14. Any equipment that is found to be causing disruptions to any part of the MTCC infrastructure will be removed and not reinstated until the problem has been rectified to the satisfaction of the MTCC Technology Services Department.
15. The Technology Services Department does not provide technical support for computer hardware or software related issues.
16. The Technology Services Department does not provide technical support on any issues related to the configuration of your computer equipment.
17. All devices that are used on the network for Internet Access shall require either a wireless code, IP address, or per device fee that is assigned by the MTCC Technology Services Department.
18. The MTCC does not allow the use of routers, proxy servers, DHCP servers or Wireless Access Points on the Standard High Speed Internet Connection. Installation of such devices will result in the immediate termination of services ordered without refund.
19. Due to the dynamic nature of the Internet, the MTCC cannot guarantee any level of performance or accessibility beyond our gateway. The MTCC does, however, monitor traffic and bandwidth usage in order to maintain an acceptable level of performance from the Internet for all users.
20. **Wireless Services:**
 - Wireless / System performance, battery life and functionality may vary depending on your specific hardware and software configurations.
 - Wireless Access Points are strictly prohibited unless authorized by the Metro Toronto Convention Centre.
 - Client must provide their own 5 Ghz 802.11 a/n or ac device.
 - Wireless Internet access utilizes a shared medium and an unlicensed radio spectrum. As such, contention and interference can have a significant impact on connection rates. The MTCC requires using 5 Ghz (a/n, ac) devices to mitigate these problems. The MTCC does not guarantee service levels on the 2.4 Ghz (b/g/n) radio band.
 - The MTCC requires that clients have administrative rights to all devices that will be connected to the network.
 - Use of Wi-Fi rebroadcasting devices (such as Mi-Fi devices) is strictly prohibited.
 - Use of routers is not permitted without permission from the Telecommunication Department.
 - Do not activate hotspots from personal devices as this adds to general interference in the area.
21. **Internet service requirements / client responsibilities – It is the responsibility of the client to provide the following:**
 - Computers, workstations, etc.
 - Standard Ethernet Network Interface Card (RJ45 Interface or wireless adapter) for each computer.
 - Proper configuration of computer equipment for TCP/IP connection.
 - Electrical services for your booth, room, or service location.
 - Up to date Virus Protection Software (i.e.: Norton or McAfee) must be installed and active on all computers connected to the Internet. Failure to have Virus Protection Software installed and running may result in your connection being temporarily suspended until software is installed or activated.
 - Internet services are provided without any warranties. The MTCC and its' Internet service provider are unable to guarantee uninterrupted service, or that the information accessed through the Web will be free from worms, viruses, Trojan Horses, or other harmful malware. The MTCC shall have no liability whatsoever for claims, losses, actions, damages, suits, or proceedings resulting from other users accessing your hardware; security breaches; eavesdropping; interception of traffic being sent or received. Nor shall the MTCC hold any liability for the loss or deletion of files, errors, defects, delays in operation and transmission. The service speed can vary depending on location, line quality, inside wiring, Internet traffic, and other factors beyond the control of the MTCC. The MTCC provides the service on a "best effort" standard and does no guarantee upload or download speeds. Users agree not to post or transmit any unlawful, threatening, abusive, libelous, defamatory, profane, obscene, pornographic, or racist information, or malware of any kind.

Exhibitor Catering – Terms and Conditions

Exclusivity:

- The Metro Toronto Convention Centre (MTCC) is the exclusive supplier of Food & Beverage services. No other products can be brought into our building, this includes bottled water.
- A more extensive menu is available on our website at www.mtccc.com or please call a Catering representative at (416) 585-8144.
- To ensure availability of menu items, we encourage you to place your order two (2) weeks prior to your scheduled event.

Billing and Cancellations:

- Upon receipt of the order, a Service Order confirmation will be sent to you for approval and signature. All orders must be prepaid in full to be considered as confirmed.
- Any orders received within three (3) business days are subject to a 15% surcharge.
- Should any orders be cancelled with less than five (5) business days of notice, the total amount of the order will be charged fully.
- All menu prices are subject to change at any time; this also includes administrative charges and sales tax.
- Full payment of the total estimated food and beverage and signed contract (BEO) is due at least one (1) week prior to the first scheduled food function.
- Event pre-payments of less than \$5,000.00 can be processed by credit card. All other payment must be by company cheque or wire transfer.
- On-site orders will require payment by credit card.

Employees, Service and Labour:

- Catering employees will deliver food and beverage, service, and clean related areas.
- Catering personnel are not permitted to perform any non-food service related duties or act as badge checkers or ticket takers.
- On-site orders are subject to additional banquet labour charge of \$180.00 per delivery.
- All prices are quoted in Canadian dollars, subject to 18% administrative charge, 13% HST. An administrative charge (18%) is added to your bill for this catered event / function (or comparable service). 6.65% of the total amount of this charge is used to defray the cost of house expenses and will be maintained by the MTCC. 11.35% of the total amount of this administrative charge is distributed to employees providing the service including servers, bartenders and porters.
- A designated banquet attendant can be arranged through the Catering Department, and the cost is \$45.00 / hour, minimum 4-hour shift.
- For all booth deliveries, compostable and disposable utensils are included in the menu prices. Additional charges may apply for tables, linen, chinaware and glassware.

Instructions:

- Step 1** Download and save this PDF to your work station.
- Step 2** Complete the Contact and Billing Information form as well as credit card information (page 2)
- Step 3** Set the quantity for the desired menu items to calculate totals for each item, and to generate a grand total (Page 3-8)

- Step 4** Save the completed file electronically.
OR
Print, complete manually and scan the form.

Canada Customs Regulations

Customs Regulations and Customs Bonds

Equipment and exhibits, in most cases, may be brought in free of duties and taxes, provided that, a Customs Broker provides a bond to cover all imports to the show.

Exhibitors not using a Customs Broker may be required to post a deposit, or pay duties and taxes, with Canada Customs.

It is recommended that associations contact a customs broker to have their event recognized with Canada Customs, providing them and their exhibitors an opportunity to obtain maximum benefits.

Material accompanying exhibitors

Hand baggage

If exhibitor staff bring any equipment or display material with them via aircraft, the exhibitor must have with them an equipment list showing description, country of origin and value.

When going through customs at the airport, the exhibitor will declare their goods. If the show is recognized, customs will give them documentation (Customs C6 Form) to give to the customs broker when they arrive at the show. If the show is not recognized, the exhibitor will be required to pay full duties and taxes or post a deposit with customs (direct to customs).

When leaving Canada with the equipment, documentation must be validated by Canada Customs at the airport prior to leaving the country.

Private Vehicle

The United States and Canada have now adopted a mandatory advanced electronic notification system. For this reason, it is recommended that any exhibitors wanting to drive their goods across the border contact a customs broker.

Imported Advertising Material (including give-away samples)

Advertising material including give-away items are free of duties and taxes, provided your event meets certain Canada Customs requirements. Please contact your customs broker to further assist.

Bonded Goods Sold at the Show

Customs Brokers are prepared to handle any release of this type of transaction. The exhibitor or their client must issue payment for duties and taxes on anything that is intended for sale at an event. Your customs clearance provider will assist you in making these payments for these respective clearances.

Exhibitors wishing to contact Canada Customs directly may call:

Rigging / Overhead Work Policy

This policy applies to all overhead work at the Metro Toronto Convention Centre. This policy is also supplementary and/or to compliment other relevant and applicable legislation (such as OHSA), other existing building health and safety policies, and the contractors own policies given to their workers.

- **Rigging installation affixed to any Centre structure is an exclusive service provided by SHOWTECH Power & Lighting**

Worker Competency, Training, and Certification

Workers must have appropriate training and certification in the use of specialized equipment, tools, and the acceptable techniques employed for working at high levels.

- Boom Lifts / Scissor Lifts operation
- Fall Arrest System, safety lines
- Propane handling (if machine is propane powered)
- Chain falls, hoists, winches, rigging apparatus, attachments, load cells etc.
- General knowledge of the Metro Toronto Convention Centre structure, load capacities, attachment points / methods

Workers engaged in any Overhead work activity must be properly outfitted with Personal Protective Equipment (P.P.E.). These may include safety footwear, hard hat, safety glasses, gloves, and fall protection to be used as demanded by the tasks being accomplished.

Workers participating in lifting operations, or in the vicinity of materials handling operations or other mobile equipment, are at all times required to wear safety footwear.

Equipment, Tools and Hanging Components

At all times, small hand tools should be connected via a safety cable that prevents accidental dropping. Portable radios / phones must be sheathed in a secure holster with similar safety hook-up.

Lifting Equipment, such as Booms and Scissor lifts must have current certification demonstrating regular inspection and maintenance.

Chain Hoists, chain falls, steel cables, slings, chokers and all other Rigging equipment are to be regularly maintained, inspected and certified according to governing legislation, manufacturers' recommendations, and good industry practice.

Production components (to be hung in the ceiling from approved Load points or structural framing) including grids, trusses, speaker assemblies etc. must be inspected prior to installation. Annual inspection certificates must be available for load-carrying components.

Rigging Plot submit to:
Metro Toronto Convention Centre, Engineering Department
255 Front Street West, Toronto, Ontario M5V 2W6
T: (416) 585-8148 | www.mtccc.com

Rigging / Overhead Work Policy

Control of the Work Area

During the installation / removal of production components onto the Ceiling space, the work area below must be clear of people at all times. A 'ground rigger' must be in place to protect the area using both physical elements (signage, barricades, traffic cones etc.) and vigilance to ensure no one gains access.

Once production components are at 'trim' height (final show position - no more movement) and the remaining overhead work is related to minor adjustments (aiming lights, tying up cable etc.), or when the installation is of lightweight components such as signs / banners, the required level of control of the work area is contingent on the presence of other activity in the area. As a minimum, both signage and traffic cones must be used to warn people of the immediate work area around the lift. If there is significant activity in the vicinity, a 'ground person' must be used to keep people and mobile equipment away from the work area and lift.

Under no circumstances should people be working directly under a boom arm or bucket.

Production Schedule / Rig Plot Approval

A key requirement of a successful and safe workplace is the appropriate scheduling of the work activity.

The Client, its Service Supplier(s) in partnership with the Metro Toronto Convention Centre, must ensure that there exists a detailed production schedule for both Technical set-ups and tear-downs.

The schedule must define both start / stop times of each work group, and also the predecessor / successor relationships. As can be expected, the start of a tear-down schedule may be affected by a late event end and in this case we must always maintain the scheduled activity relationships.

All groups must have the appropriate resources (both people and equipment) on hand to accomplish the work in the allotted timeframe, and abide by the scheduled order of activity.

All groups must provide contact names and mobile telephone numbers for key on-site personnel, for both the set-up and tear down.

Prior to rigging any significant loads in the Metro Toronto Convention Centre structure, the Riggers must verify that a rig plot has been submitted and approved. Rig Plots must be submitted a minimum of 4 weeks prior to move in dates. For additional information, please contact your Event Manager.

Rigging Plots are not required for banners, signs or other small loads that will be installed by SHOWTECH Power & Lighting. Please contact SHOWTECH Power & Lighting at (416) 585-8500 or email Rick Green, Technical Producer, at rgreen@showtech.ca

Ontario's Electrical Product Approval Requirements

Before an electrical product or piece of electrical equipment is used, sold, displayed or advertised for sale in Ontario, it must be approved by an accredited certification or inspection body. The item must carry the official mark or label of the agency which indicate that the product has been independently assessed for safety. *See the list of recognized marks and labels on the back of this card.*

LOOK FOR THE MARK OR LABEL

before you buy, install or
use an electrical product.

REPORT an unsafe
electrical product to ESA
at [www.esasafe.com/
electricalproducts](http://www.esasafe.com/electricalproducts) or
call **1-877-ESA-SAFE**.

THE LAW

The Ontario Electrical Safety Code and Ontario Regulation 438/07 both require that all electrical products, devices and equipment be approved before they can be sold. These rules define the standards for safe electrical products and electrical installations in Ontario, and when followed, protect the public, workers, contractors and business owners.

Failure to comply with the Code and Regulation is an offence and upon conviction a corporation may be found liable to a fine up to \$1 million and a person or director/officer of a corporation could be fined up to \$50,000 and/or imprisonment of not more than one year.

Installation and connection of unapproved electrical equipment is against the law, puts people at risk and is liable to prosecution.

ONTARIO PROVINCIAL REQUIREMENTS FOR EXHIBITING ELECTRICAL EQUIPMENT AT TRADE SHOWS

The Ontario Electrical Safety Code (Ontario Regulation 10/02) is the provincial regulation that defines the minimum requirements for electrical installations and electrical products in Ontario. The Electrical Safety Authority is responsible for enforcement of the Ontario Electrical Safety Code.

Rule 2-022 of the Ontario Electrical Safety Code requires that any electrical equipment that is being displayed, offered for sale, or used in any show/convention/or similar exhibition SHALL BE APPROVED. At Trade or Consumer shows, unapproved electrical equipment will only be permitted to be displayed (not energized) when the Electrical Safety Authority gives permission through the Permission to Show. Failure to comply with the Ontario Electrical Safety Code could result in charges under the Electricity Act

Electrical equipment is considered approved if it bears the certification mark or Field Evaluation label of an organization that has been accredited by the Standards Council of Canada to approve electrical equipment. If these markings are missing, the equipment is considered to be unapproved. Bulletin 2-7-*22 (*indicates latest version) shows all approved certification marks or Field Evaluation markings accepted in Ontario. Since markings are updated regularly visit our web site at www.esasafe.com (electrical product safety section) for a current listing.

Note - Electrical equipment shall be approved as an assembled unit. The exhibitor is expected to make every reasonable effort to have electrical equipment approved prior to the show.

Permission to Show:

Exhibitors with unapproved electrical equipment that wish to display but not to connect or provide electricity to the equipment, must complete the application for Permission to Show and pay the fee indicated for unapproved electrical equipment that will be displayed but not energized. Exhibitors will be provided with a sales receipt which must be available to inspectors on show site at all times.

The “Permission to show” application does not permit the connection/energization of unapproved electrical equipment.

Permission to Energize – Trade Shows only:

Exhibitors that wish to connect and energize (provide electricity to) unapproved electrical equipment, must complete the application for Permission to Energize and pay the Permission to Energize fee indicated for each piece of unapproved electrical equipment. Exhibitors are not required to complete the application for Permission to Show for the same piece of equipment. The following conditions apply:

1. If no imminent hazards are present, ESA will permit the equipment to be energized “for demonstration purposes only”.
2. A sign/notice will be affixed to the equipment (prominently displayed) indicating “This equipment is not approved for sale in Ontario and is “Energized for demonstration purposes only”. Our ESA Inspectors will provide exhibitors with this notice.
3. The permission to energize is only valid for the duration of the show, and cannot be carried forward or extended for subsequent shows in other cities.
4. The “Permission to Energize” notification allows the equipment to be wired to an available junction box or disconnect as provided by the on-site electrical contractor.
5. Permission to Energize is available for Trade shows only, **not** Consumer shows.
